The Essence of a Junior

There is no definition
Nor word that can describe
The eminent distinction
Of junior pride.

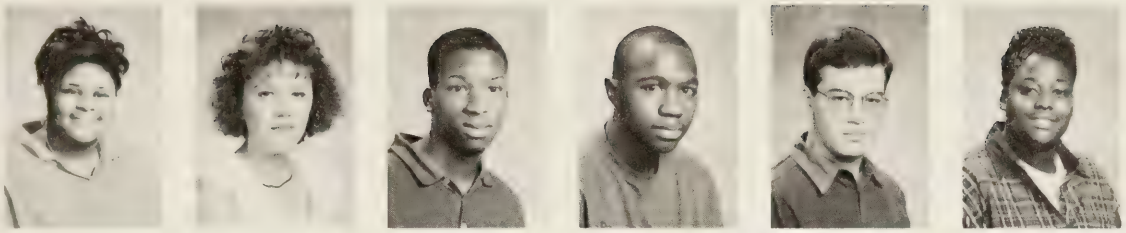

Attempt to if you will
For although many have tried
The essence of a junior
Has not yet been described.

Enduring eleven years,
Determination as our guide;
Created a firm foundation
And established a sense of mind.

Yet as far as we have come
We still have further to go.
And Destination '97
Will get here all but slow.

Anticipation, determination
Endurance and sometimes strife
Are all prevalent and inevitable
Components of a junior's life

Norcom Athletes in the Spotlight

I.C. Norcom Athletes show their pride in every sport played, even though there were teams which were rebuilding. Each team did their best. Students took time out from busy schedules to go to practice and to play the game. We had many defeats in football but the fans did not stop coming to the game. They had many players to perform at their best. Hats off to all of you!!! The Basketball team with its new coach, did fairly well even though they only won two games. But we had two teams, which lived up to the Greyhound Reputation, NO. 1!! Tennis and Track won it all. They went out there with one thing on their minds. "TO WIN"!! Overall we still showed our winning pride. "We're Still #1"!

To The Graduate

Always be willing to listen —
Always know when to speak;
And if you find you must follow —
Follow the strong — not the weak.
Give of yourself and your friendship —
See with your eyes and your heart;
Know in this world all around you,
That you have a wonderful part.
For this a brand new horizon —
One where all you have learned,
Can make you a leader deserving,
The diploma you've so justly earned!
